

# GREEK GOLDEN VISA PROGRAM

# GREECE

Greece, officially the Hellenic Republic, is one of the most historic countries. Located in Southern Europe, Greece is strategically located at the crossroads of Europe, Asia, and Africa. This makes it a prime location for investors with a global business mindset. Being in the Mediterranean, it benefits from mild winters and hot, dry summers. Besides its cultural significance and summer sunshine making it a prime tourist location, Greece warmly welcomes investors seeking business opportunities and offers its residents a high quality of life and a very high standard of living.

The Greek Government greatly invites foreign citizens (non-EU) to reside in Greece and move freely to the Schengen zone. The Greek government has thereby adopted a friendlier stance towards those who wish to own real estate property in the Country.

The minimum value of the property has been set to two hundred and fifty thousand Euros (**€250,000**). The residency permit is granted for five (**5**) years and it is **renewable** for as long as the property remains in the possession of the initial owner.

The Greece Residency Permit, allows the investor and their direct family, to live, study and work in Greece and other EU member countries provided they meet the necessary requirements.

\*\*\*\*\* Starting August 2023, the minimum investment amount is doubled to **500.000 €** in specific areas: **Athens, Thessaloniki, Santorini, Mykonos.**

\*\*\*\*\* The minimum investment amount for the Greek Golden Visa remains at **€250.000** for **the rest of Greece** where you can find luxurious and desirable homes. Places such as **areas within 10 km from the center of Athens or in the Ionian islands, or Rhodes or Paros** are among many others that may be an amazing investment opportunity to seize.

It is wise to directly employ a local lawyer for the due diligence of property purchase/s and the opening of accounts, avoiding the all-inclusive offers of various promoters or agents. Currently the real estate market is at the correct price entry level. Recently at a parliamentary debate the Prime Minister of Greece has announced that he might consider to raise the threshold at **€800.000**.
